

## International Volunteer Day

### Community Volunteer Information Stall to celebrate @ Stockland Shopping Centre

The United Nations General Assembly created International Volunteer Day (IVD) in 1985 as an annual celebration of voluntary action for volunteers, volunteer organisations and governments. The United Nations Volunteers (UNV) programme is the designated international focal point for IVD, and supports and encourages its worldwide celebration on 5 December.

**Thursday 2 December 10am – 2pm**  
**All welcome to attend**  
**Organisations are welcome to co-host the stall**

Every year on 5 December, volunteers step forward to highlight the contributions volunteerism can make to social and economic development. International Volunteer Day was established by the United Nations in 1985, and events take place across the planet.
